Professor Carmel Cefai and Professor Paul Bartolo attended the kick-off meeting of the EU project PROMEHS Promoting Mental Health in Schools held at the University of Milano - Bicocca, Italy on 29-30 April 2019.

PROMEHS is an Erasmus + Key Actions 3 project co-funded by the European Commission (2019-2022) designed to develop, implement and evaluate a mental health promotion curriculum in schools, serving to create a bridge between evidence-based school programs and educational Institutions, thus linking research, practice and policies.

The Centre for Resilience and Socio-Emotional Health is one of the nine partners in the project, and the UM team which includes also Professor Liberato Camilleri, will be evaluating the intervention developed by the partners in the project
